Logo

DATA BARS

The bars represent data, datasets, and analysis

ECG LINES

The ECG lines represent life signals and the intersection of biology and data.

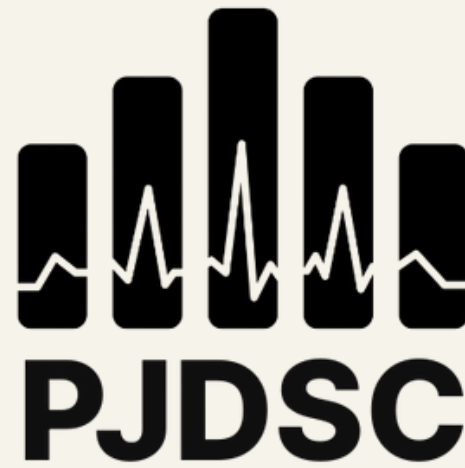

Logo Variants

Use the following logo format shown across all communication where applicable. The logo files may be obtained from the links below.

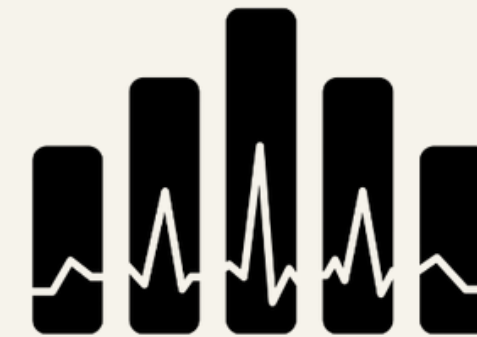

[GOOGLE DRIVE](#)

[CANVA - VERTICAL](#)

[CANVA - HORIZONTAL](#)

1. Vertical full -
Logo & Logotype

2. Logo only

3. Horizontal full - Logo & Logotype with Event Year

4. Horizontal short - Logo & Event Year

Typography

Use the following font families
shown for all communications
related to PJDSC

Primary typeface

Inter

ABCDEFGHIJKLMNOPQRSTUVWXYZ

abcdefghijklmnopqrstuvwxyz

0123456789

Logotype typeface

Inter Extra Bold

Technical Typeface

Roboto Mono

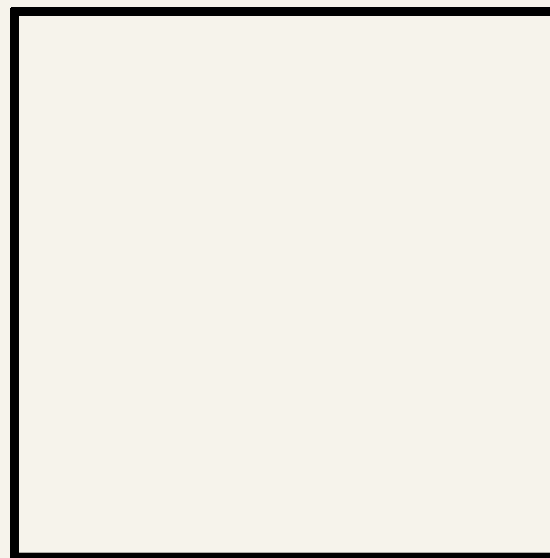

ABCDEFGHIJKLMNOPQRSTUVWXYZ

abcdefghijklmnopqrstuvwxyz

0123456789

Color and Theme

The following palette shall be used as the basis. Other shades may be used as long as they are similar to the presented colors

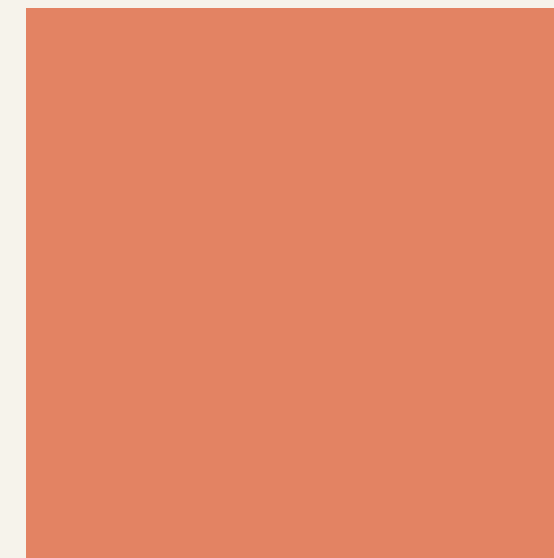

#F6F3EB
BACKGROUND

#234766

#6E9E94

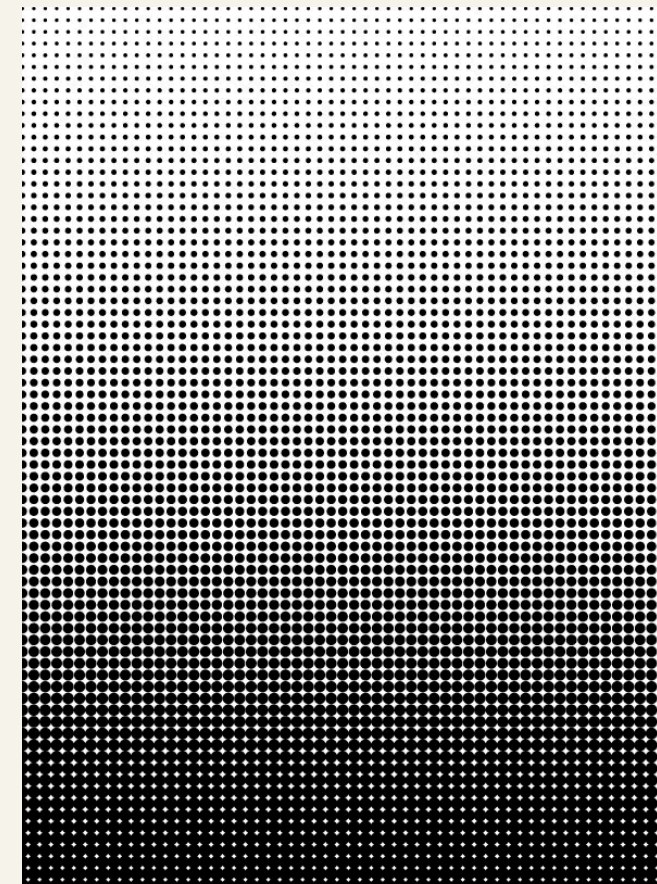

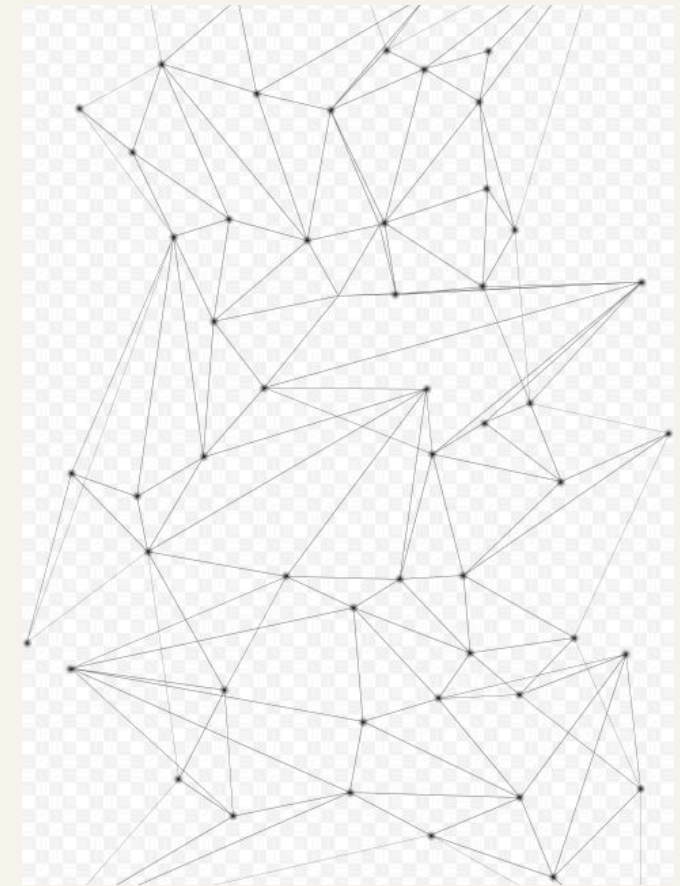

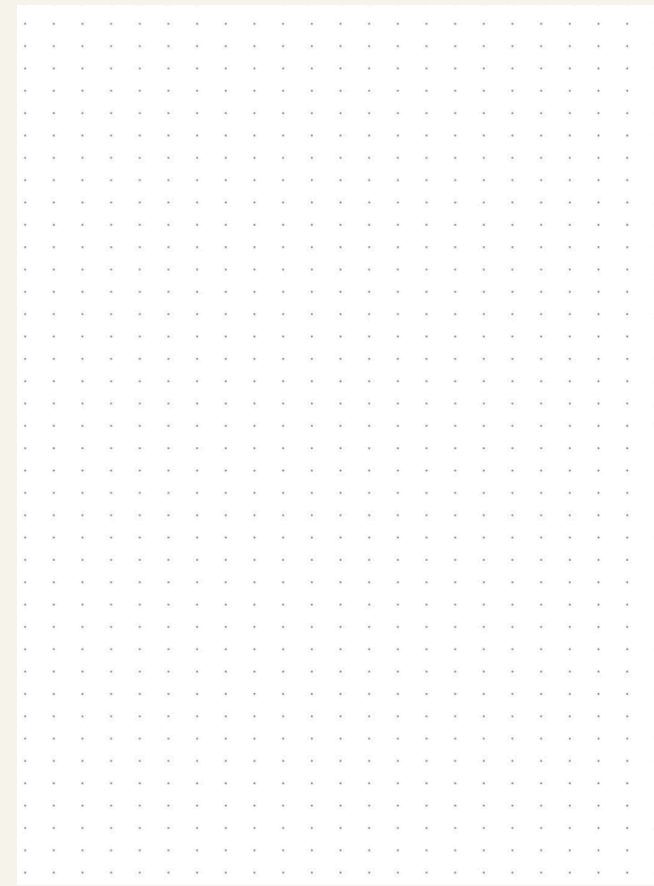

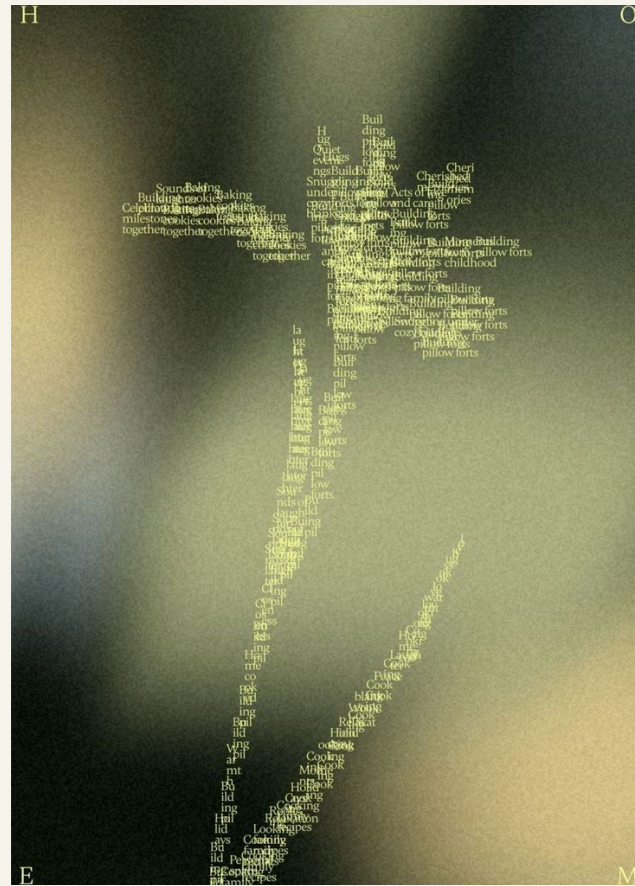

#E38363

Patterns and Textures

Shown are the recommended patterns and textures that may be used as supporting design elements. ASCII plant art serves as the primary visual motif throughout the branding, while additional patterns and textures may be incorporated to complement the overall identity.

For inspiration, the following keywords may be used as a guide:

- ASCII plant art (primary motif)
- Dot grids
- Network nodes & connecting lines
- Subtle paper or grain texture
- Pixel gradients/halftone dots
